

Presentation

Launched in September 2003, the **JPO Alumni Association (JAA)** comprises 1130 members as of 25 June 2008 and is viewed as a key contribution to the development of a cross-generational JPO community spirit.

The JPO Alumni Association promotes a lifelong connection to the United Nations' activities and the Organisation's ethical standards. More specifically, it aims at:

- Making use of the talents and resources of former JPOs to advocate the United Nations values;
- Fostering a community spirit and knowledge sharing among former JPOs;
- Facilitating job search for former JPOs.

For more information on the JAA, please visit our website: www.jposc.org / Alumni or contact the UNDP JPO Service Centre (JAA focal point: jean-luc.marcelin@undp.org).

Published every year by the UNDP JPO Service Centre, the **JAA Members Directory** aims at producing a yearly snapshot of the composition of the JAA, from which key statistics, as well as trends over the years, can be extracted.

The Yearly Directory is also meant to complement the online JAA Directory (www.jposc.org / Alumni / JAA Directory), whose access is restricted to the members of the JAA, and contains more detailed member information.

We trust that the **2008 JAA Members Directory** will strengthen the visibility of the JAA and further develop its activities. It will also allow the JPO Service Centre to refine its response to donor's follow-up requests and to support career development of current JPOs.

The UNDP JPO Service Centre would like to take this opportunity to thank the JAA Members for their continuous interest in the Alumni initiative and their contribution to the current document.

JAA Overview

JAA Members by Nationality

Highlights:

- 33% of the Alumni members are from Denmark, The Netherlands and Japan
- The breakdown by continent is as follows: Europe 79%, Asia 12%, Americas 6% and Africa 3%

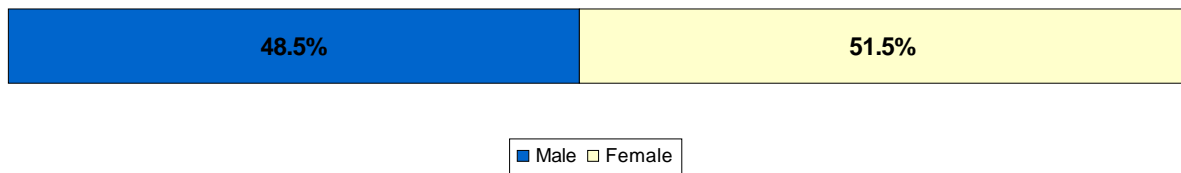

Detailed breakdown:

*1 member from the following countries: Bolivia, Brazil, Burundi, Chile, Colombia, Comoros, Republic of Congo, Czech Republic, Egypt, Gabon, Ghana, Madagascar, Mexico, Moldova, Nigeria, Rwanda, Saudi Arabia, Sierra Leone, Tanzania, Togo, Trinidad and Tobago, Turkey, Turkmenistan, Uganda and Zimbabwe.

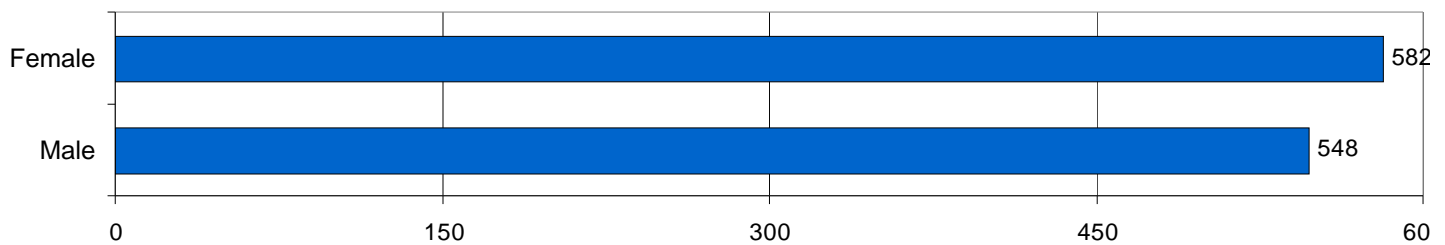

JAA Members by Gender

Ratio:

The JAA male/female ratio was respectively 50/50 in 2006 and 49.5/50.5 in 2007. This progressive increase of the relative number of female JAA members reflects the growing number of female current JPOs, who now represent 63% of the JPOs administered by the UNDP JPO Service Centre.

Detailed breakdown:

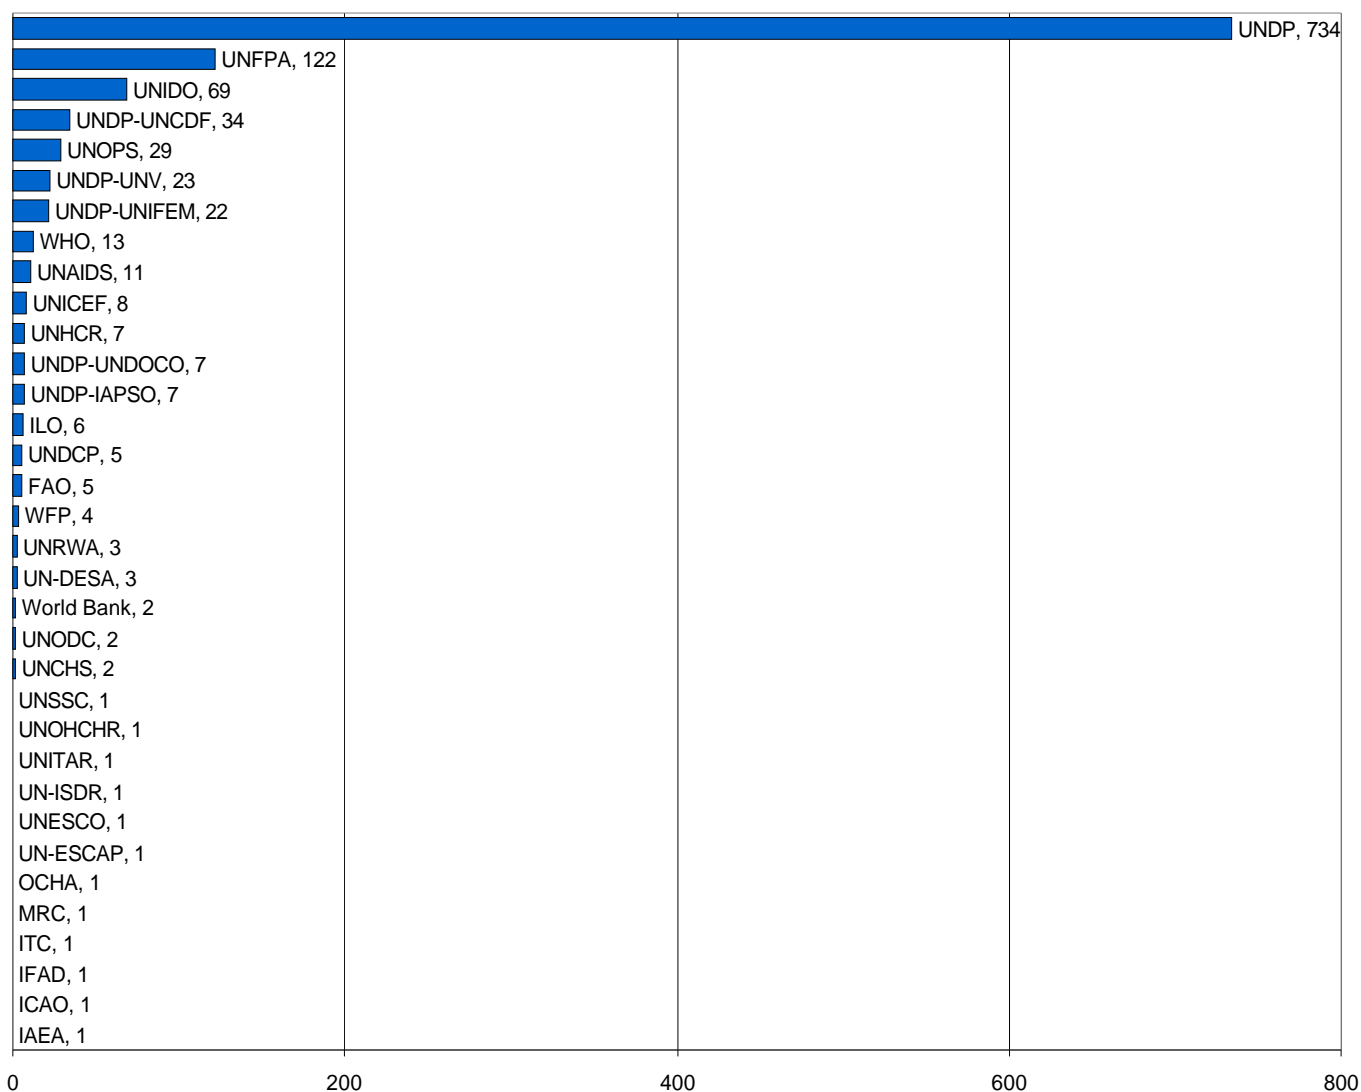

JAA Members by JPO Agency

Highlights:

- 73% (against 76% in 2007) of the Alumni members were JPOs with UNDP or an affiliated Agency (IAPSO, UNCDF, UNDOCO, UNIFEM and UNV). This high figure comes from the fact that the JAA was first created by UNDP. It should however be decreasing along the years as the Association is open to all former JPOs from the UN System and as the database of former JPOs slowly becomes more comprehensive.

Detailed breakdown:

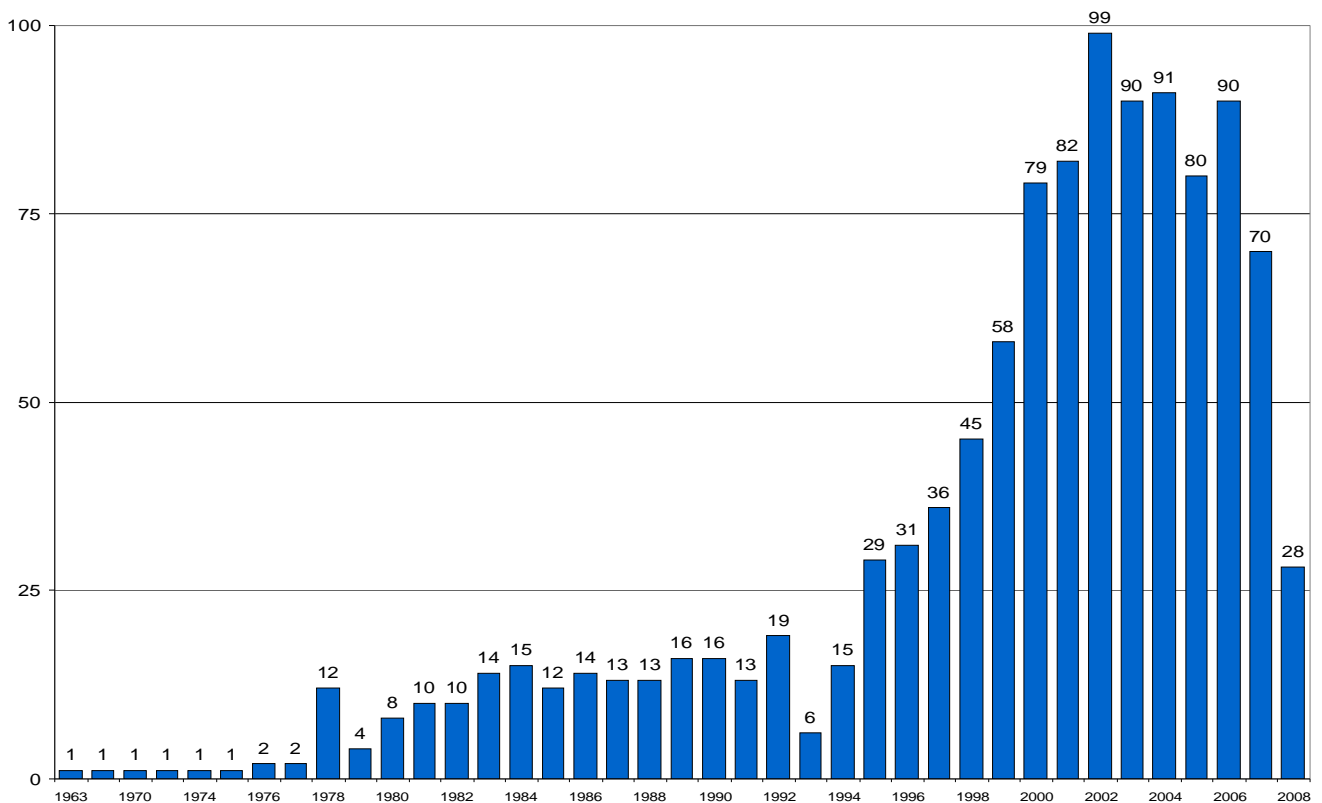

JAA Members by last Year of JPO Assignment

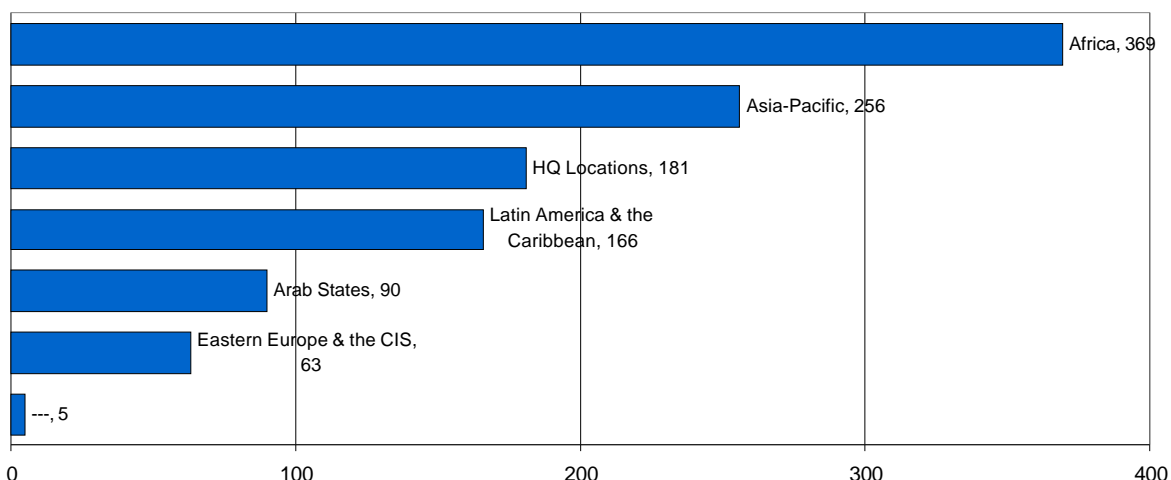

Highlights:

- Close to two thirds of the Alumni members ended their JPO assignment in 2000 onwards. Recently separated JPOs are overrepresented in the JAA as more information on their whereabouts is available.

Detailed breakdown:

JAA Members by JPO Region

JAA Members by post-JPO UN Status

Highlights:

- The JAA members are divided into three categories:
 - **“Current UN Staff”** groups former JPOs that still work in the UN System
 - **“Former UN Staff”** groups former JPOs that worked for at least six months within the UN System after their JPO assignment but that currently have another professional activity or occupation
 - **“Non UN Staff”** groups former JPOs that did not work at all, or worked for less than six months, within the UN System after the completion of their JPOship
- 38% of the JAA members still work in the UN System
- 66% of the JAA members who are nationals from Developing Countries still work in the UN System

Detailed breakdown:

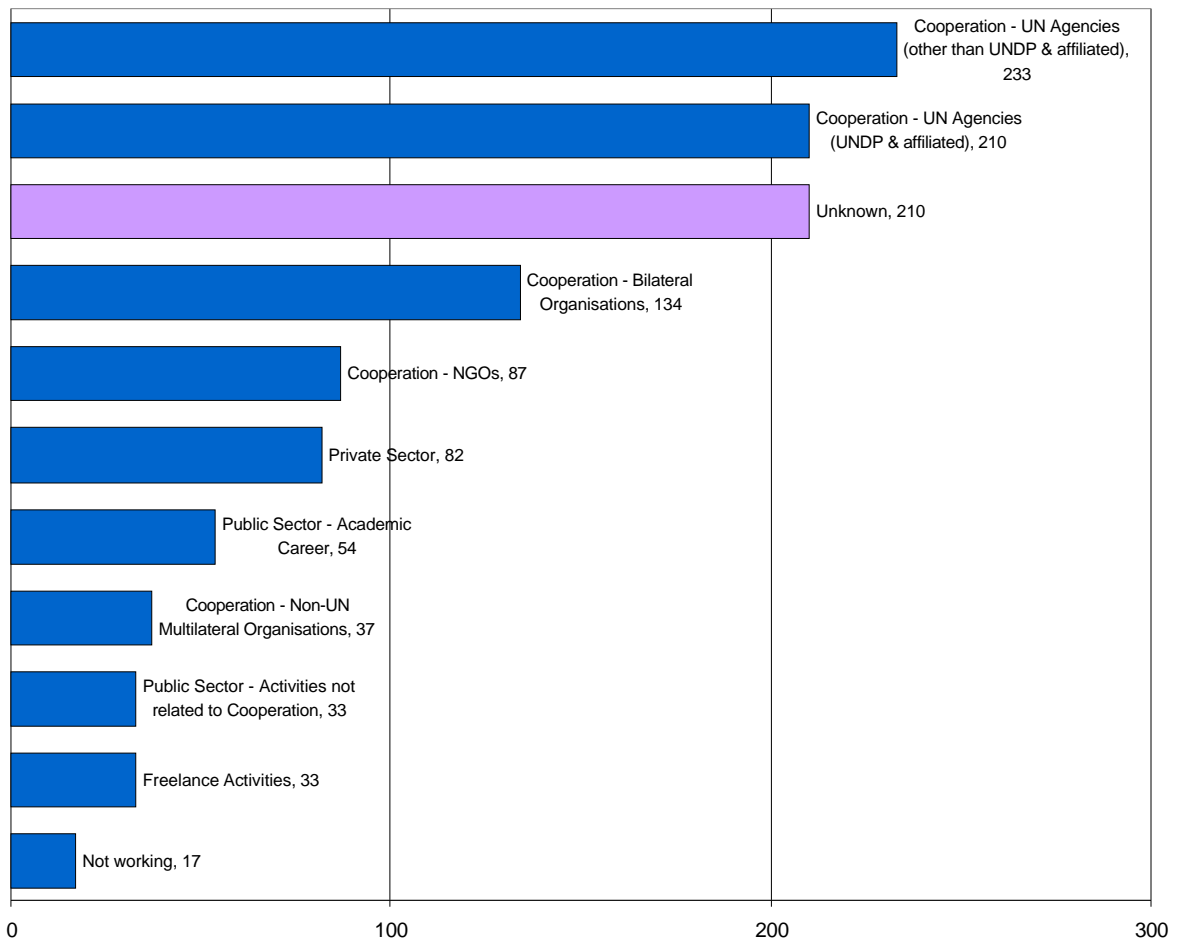

JAA Members by current Sector of Activity

Highlights:

- At least 62% of the JAA members work in the field of cooperation and humanitarian aid
-
- Based on available information, only 7% of the JAA members work in the private sector not related to Development issues
- No information is available for 19% of the JAA group

Detailed breakdown:

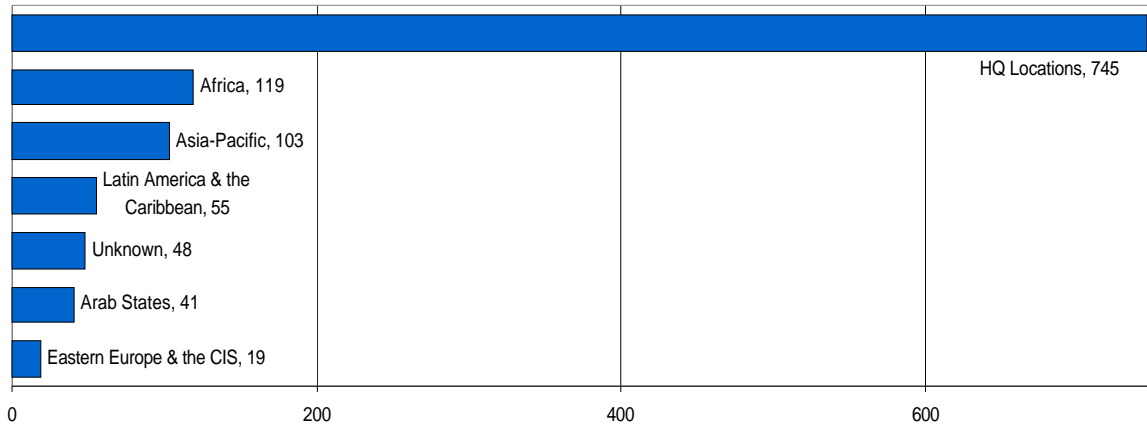

JAA Members by current Region of Residence

Highlights:

- Two thirds of the JAA members live in developed countries
